54	Andy Steadman specimen sales.....	SMFS member selling surplus fossil specimens.
55 - 56	The Fossil Dude.....	Sales of minerals and fossils. thefossildude.com 07946-215506

Show Features

The Show occupies two separate halls, one for sales and one mainly for displays. In the Linden Hall you will find dealers selling minerals, fossils, rocks, meteorites, dinosaur models and ephemera, gemstones, crystals, books, old maps and equipment for the mineral or fossil collector. The Pine Hall is mainly for displays, by various groups and institutions, about minerals, rocks, fossils and geology in general, plus SMFS members selling surplus specimens.

We introduce a new attraction “Junior Collectors Corner” in the Pine Hall which will be able to provide advice, information on all aspects of your hobby and help with identification of your specimens. There are also mineral and fossil specimens for sale at very reasonable, pocket money, prices.

This year we welcome back the Etches Collection, Museum of Jurassic Marine Life, from Kimmeridge, Dorset. This custom-built museum houses the extensive, world renowned, Jurassic fossil collection of Steve Etches.

Dinosaur Isle Museum from the Isle of Wight will be displaying an amazing selection of Isle of Wight fossils and dinosaur related material. There are also 'hands on' specimens.

The Dorset Group of the Geologists' Association and Dorset's Important Geological Sites Group are jointly displaying their activities in the studying, recording and preserving of Dorset geology.

Members of the Southampton Mineral & Fossil Society have mounted displays on their individual interests in minerals, fossils, rocks, and dinosaur ephemera. **Have a good day!**

Want to learn more about minerals or fossils? Why not join Southampton Mineral & Fossil Society?

We meet on the third Tuesday of each month at the Friends' Meeting House, Ordnance Road, Southampton at 19:30. Further details and directions can be found on our website: sotonminfoss.org.uk. You can ask any of our members here at the Show if you would like more information and you are welcome to come along, with no obligation, to our next evening meeting at 19:30 on the 18th September 2018 and enjoy an illustrated talk on “The dinosaurs of Crystal Palace, and a world of spin-off illustrations” presented by our Chairman, Mr Phil James.

Next Year's HAMPSHIRE MINERAL & FOSSIL SHOW

will be held on the first Saturday of September,

7th SEPTEMBER 2019

once again at Lyndhurst Community Centre, Lyndhurst, Hants.

Put it in your calendar now and we look forward to seeing you again.
